Housing for Exchange Students	https://www.waseda.jp/inst/rlc/en/student_dormitory/exchange/
Housing options available	<p>Dormitories for exchange students are located a few minutes' walk from the Waseda campus. Since they are extremely popular, only a limited number of students are able to move in. Please note that it is not possible to meet all students' requests.</p> <p>For students looking for housing during their stay in Japan, the Residence Life Center website introduces the affiliated companies that offer significant number of student dormitories, shared houses and apartments that are easy for overseas students to apply for. Please make sure to do your own search and make your decision. However, as many of these accommodations are located in the area that require a commute of 40-60 minutes by public transport, we recommend that you search for a room as soon as possible to find one that is close to your requirements.</p>
