The next step is to apply for a J-1 Exchange Visitor Visa to their local US Consulate or Embassy.

Mandatory Health Insurance

As a student at Babson, all exchange participants are required to enroll in a comprehensive health insurance plan. Students will be automatically enrolled in Babson's Health Insurance plan unless a student provides proof of alternative coverage which meets both the Massachusetts State requirements and federal J-1 regulations, and a waiver is granted. Learn more about the Health Requirements.

Academic

Course Load

In order to maintain J-1 immigration status, exchange students must remain enrolled in a minimum of 12 credits per semester (“full-time status”). Depending on language proficiency level and home university requirements, undergraduate exchange students at Babson take **between 12 and 18 credits per semester** (equivalent to 4–5 courses). Undergraduate exchange students may take no more than 18 credits per semester.

Undergraduate exchange students are not eligible to enroll in FME1000, FME1001, EPS1000, MOB1010, or graduate level courses.

Grading

Babson uses a “letter grading” system. A single final grade will be entered for each course on the student’s record. Each letter grade can also have a corresponding plus (+) or negative (-) to illustrate a grade slightly higher or lower than the stated letter grade. The undergraduate school does not issue a grade of A+. More information about Babson’s grading scale can be found in the [Undergraduate Student Handbook](#).

Assessments & Examinations

Students are evaluated at the end of the semester as well as continuously throughout the semester. The assessment of student performance varies: essays, in-class presentations, written quizzes and examinations, and group projects. Attendance and class participation also contribute to the final grade. General exam information can be found [here](#).

Career Development

Undergraduate Career Center for Development

Exchange Students will be granted access to the insight and resources provided by **Hoffman Family Undergraduate Center for Career Development**. From building your resume, to finding the perfect internship, exchange students will get access to career center programming and counseling while at Babson.

Exchange Students will also be able to attend in person and remote events hosted by the Career Center. These will be communicated to the students throughout their time at Babson College.

Housing & Co-Curricular

Accommodations

On-campus accommodation is a popular option for Babson's undergraduate students. Undergraduate exchange students will be provided with housing on campus during both the fall and spring semesters. Students must complete an online housing application and will be notified of their housing assignment several weeks before the start of semester. Housing is not self-catered and students are required to purchase a meal plan to use in the on-campus dining halls.

Exchange students may choose to live off-campus. Please note that the College does not investigate or endorse any off-campus housing, and living off-campus may require the need to secure independent transportation to/from campus.
