WELCOME TO ASP

Asia Summer Program (ASP) is a three-week summer program where students can earn up to three academic credits applicable at their home universities.

Each student selects one morning course and one afternoon course designed and taught by professors representing the participating universities.

The program also includes activities and tours providing insight into the host country's culture as well as promoting cooperation and a sense of international community.

PETRA CHRISTIAN UNIVERSITY

Petra Christian University is a private Christian university in Surabaya which was established in 1961. It was founded by PPPK Petra, an educational Christian foundation in Surabaya established in 1951.

Guided by the core values of Love, Integrity, Growth, Humility, and Truth, abbreviated as "LIGHT," the university moves forward with the vision "To be a world-leading Christian University that transforms society for the glory of God."

In 2025, PCU, as the first founding institution, will host the ASP event for the third time. We warmly invite you to join us for this exceptional experience.
